Each size trough has the same internal inside width measurement 330mm

Price includes: 25mm Float Valve with removable cover.

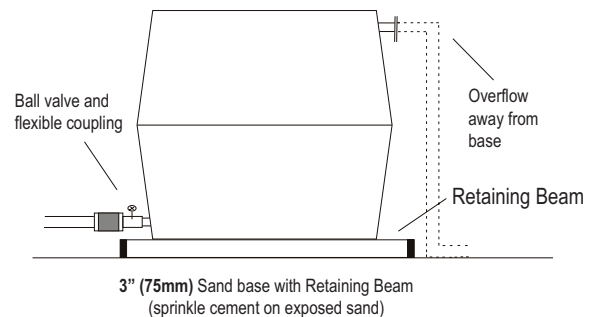

Features: Smooth finish drinking area with sweep-out end for easy cleaning.
Colour available; Hawaiian Cream.

INSTALLATION INSTRUCTIONS

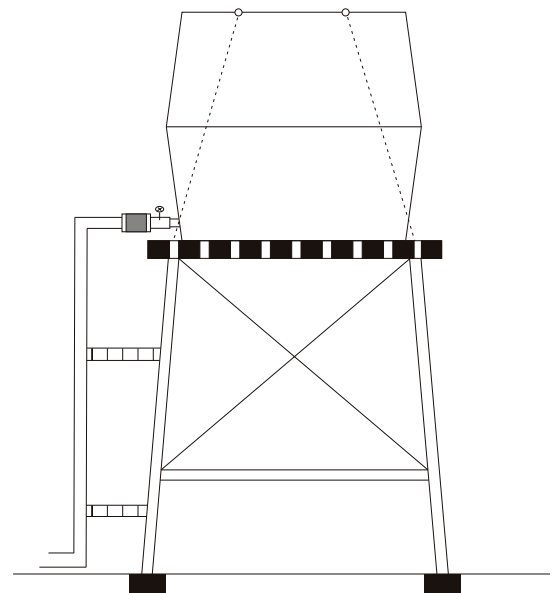

Natural Ground

Sand Base

Tank Stands

Stand structure and decking must support full weight, 1kg = 1L of water. Timber decking should have no gaps greater than 1.5" (40mm). Tanks should be tied to stand to prevent movement when empty. Pipework must be supported on stand with flexible coupling to tank.

CRITICAL POINTS TO REMEMBER

1. Base of tank must be fully supported across its entire area (base support must remain flat at all times).
2. Pipe work should not place any loading on tank wall (flexible coupling is best alternative).
3. Overflow size must equal or exceed inlet size.
4. Tank must be vented to prevent it being subject to pressure or vacuum (leaf strainer or breather must be installed).

WATER TANKS CARTAGE

Designed specifically for long term transportation

Offering a range of different sizes Tanks West Cartage Tanks come in two different designs. The extended range (HDCW) and the original range (TWW).

The extended range (HDCW) features reinforced feet for secure installation, whilst the original design (TWW) features full length legs perfect for quick and efficient loading inside the tipping body of a truck.

Sizes range from 200 litres up to 15,000 litres in capacity.

CARTAGE

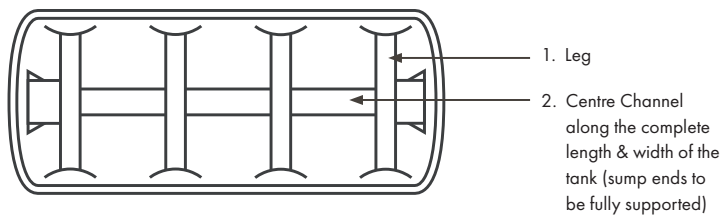

MOUNTING INSTRUCTIONS - HDC CARTAGE TANKS

Please ensure:

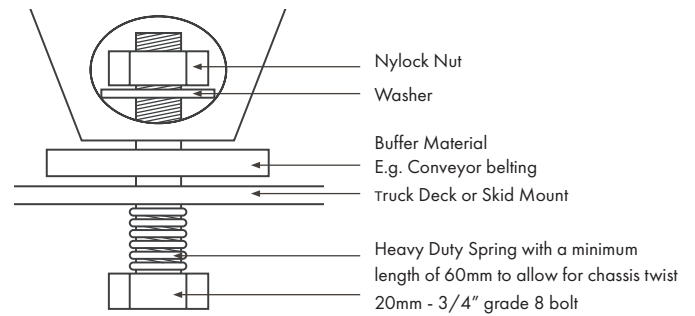

The tanks must be securely mounted as per these instructions.
Failure to do so, voids the warranty.

1. Support the tank legs and centre channel

A structural member needs to support each;

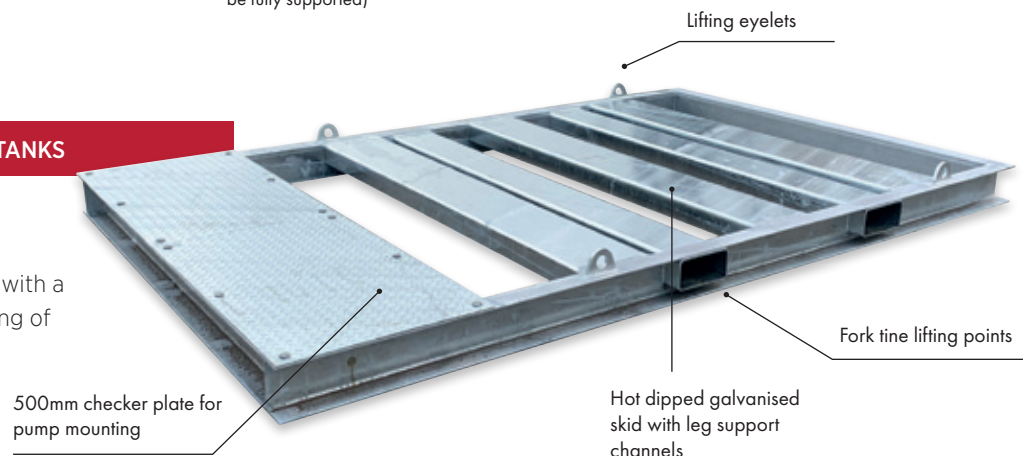

2. Bolt the tank legs to the skid or deck

SKID FRAMES - HDC CARTAGE TANKS

Skid frames designed for our heavy duty cartage (HDC) tanks offer protection, ease of loading with a forklift and helps facilitate draining of liquid contents.

RANGE, DIMENSIONS AND PRICING

FRAME	LENGTH (metres)	WIDTH (metres)	PRICE inc GST
15,000L HDC Skid	5.71	2.45	\$5,841
12,000L HDC Skid	4.65	2.45	\$5,060
10,000L HDC Skid	4.53	2.30	\$4,862
